

CALL FOR BIDS

(Open domestic bidding)

Bugiri Young Rice Farmers Co-operative Society Ltd formerly Bugiri Youth Network is a farmer's Cooperative Enterprise located in Buwuni Town council, Bugiri district. It was established as an umbrella organization for youth groups involved in farming. It was later registered as a youth farmers' cooperative society with the registrar of cooperatives in 2020.

The cooperative in partnership with aBi Development Limited is implementing climate change project "Accelerating Climate Smart Farm Water Supply Solutions within Bugiri and neighboring districts in Busoga region"

The cooperative calls for bid documents from competent companies to **supply 40 solar energy water pumps** for rice irrigation to reduce climate stress.

The pumps should have the following and not limited to the stated specifications below:

Portable solar power water pump, solar driven surface clean water pump, atleast 28-meter vertical horizontal atleast 300m and above distance, water flow atleast 2M³/hr.

Motors atleast 250w direct current in 24 volts or above,

The pump should have fitted with and that enable easy movement from home to the garden or the water source and back.

The pump should be fitted with 2 collapsable solar panels that supply the motor with the required power to run.

And any other marketable specifications is desirable.

You should provide the price per each pump on the quotation document

If you have solar pumps of the above specification, please send your bidding documents not later than **6th October 2023 at 4:30pm** to the address below:
